

A In [redacted] A/B 1, 5-1/2
A In [redacted] 19 Dec 50

This program offers many
research possibilities to
answer the questions posed
in our basic paper.

A See if [redacted] can set out
the problem in medical
terms and we can give to

H-B/1 [redacted] They may be able
to provide some answers

H-B/1 [redacted] can then have with
[redacted] if he can

C [redacted] work on them along with
his other [redacted]
